PROFILE

Frond-end Developer with a proven ability to collaborate effectively with senior developers while spending extra time to be mentored. Enjoy working closely with team members to ensure workloads are effectively redirected to bottlenecks and personally picking up the slack when necessary. I attend a 1000+ hour coding bootcamp to learn new languages while sharpening existing skills. Ready to apply my passion for coding to a talented engineering team to develop quality solutions.

Expertise

- HTML
- CSS
- BOOTSTRAP
- JAVASCRIPT
- REACT
- RUBY
- STYLED COMPONENT
- MATERIAL UI

Certifications

- [HTML](#)
- [CSS](#)
- [JavaScript](#)
- [React](#)

Learning - on going

- REDUX
- RAILS
- SASS
- HTTP
- RACK
- SINATRA

Education

- **ACADEMY XI - SYDNEY**
 - Software Engineering
- **University of Manchester**
 - MSc Project Management
- **IAUM**
 - BSc Civil Engineering

WORK EXPERIENCE

Renomate App, January 2022 - Present <https://renomate.app>

FRONTEND DEVELOPER

- Designing and developing dynamic web pages using HTML, CSS, JavaScript and React.
- Implementing responsive web design principles to ensure that our company website renders well across multiple devices.
- Collaborating with other developers to plan and implement solutions to web application issues.
- Planning and prioritising projects and tasks while working under pressure to meet deadlines.
- Working in an agile team and updating our tasks in the Jira environment.
- Keeping up-to-date with the latest technology and programming trends.
- Converting video, audio, written, and graphic components into compatible formats for the web.
- Bridging the gap between graphic design and technical implementation.

Academy Xi Australia, February 2022 - Present <https://academyxi.com>

Software Engineering - Intensive Participant

- Nominated to enrol the Software Engineering Transform program, facilitated by Flatiron School. Whilst this is also education, the commitment is a minimum of 30 hours per week with task and project requirements.
- Learning back-end development skills to become a Full-stack developer along with creating several web pages from scratch - using CSS3, HTML5, Vanilla JavaScript, VS Code, React.js, Git terminal (Git Bash), GitHub, NPM.

Freelance , March 2020 - Jan 2022

Web Developer

- Designing and developing dynamic web pages using HTML, CSS, JavaScript.
- Communicating with clients and manage ongoing projects and maintenance requests.
- Identifying and taking action for issues and opportunities to ensure continuous improvement.
- Projects been involved in:
